FACULTY & STUDENT
Recital

Sunday, April 21st,
2:00PM

Admission: Donation at the door

Market Street Hall
310 N. Market Street,
Marion, IL

Meet Our Seniors

Jasper Crotser

Jasper is graduating class of 2024 and she has been playing multiple instruments since she was six years old. She is involved in several different music groups and ensembles. Using the foundation that Market Street has cultivated, she would like to go and learn the luthier trade which is the art of building and repairing instruments. She is excited to see where God will take her in this next new and exciting chapter of her life. Jasper will always appreciate her years of musical experience with Ms. April and has grown exponentially under her instruction.

Connor Graff

Connor Graff is a 2024 graduate of Goreville High School. He has played piano for the past ten years. He has also played trombone in the school band and been a part of his school's musicals. After high school, Connor plans to attend the University of Illinois to pursue a career in computer science.

Ben Johnson

Ben Johnson has been involved in music classes since he was two. He has taken piano lessons for thirteen years. Ben plays bass guitar in his church's youth band. Ben is a comic book nerd, and in his free time he enjoys reading, building Lego, playing board games, and superhero related media.

Meet Our Seniors

Isabella Mings

I am currently a senior at Marion High School, and have been playing the piano since I was 7. Music has always been a special part of my life as I also enjoy singing and playing the flute in the High School Band. Playing the piano at church and other events in town is what I love to do and hope to continue. I take pride in my school work and extracurricular activities and was honored to be a recipient of the Chancellor's Scholarship from SIU. I will be continuing my education there, as I pursue a degree in Communication Disorders. I have been taking lessons at the Music Conservatory for about a year and since starting I have not only noticed that my abilities have excelled and I have become a better pianist, but I have also become more confident in my playing. The Music Conservatory is the ideal learning environment and I have enjoyed every minute of my time here, as the motivation and encouragement I have received is unmatched. I look forward to utilizing the skills that I have learned here in the future, as the piano will always remain one of the most important aspects of my life.

Lily Alvarado

Lily has plans to pursue a career in business and will continue her education at JALC in the Fall where she has been dual enrolled while completing her senior year at Agape Christian High School. She is currently on the softball team and has played volleyball in prior seasons. Lily intends to continue with her singing and looks forward to where that may take her. She currently is a member of her church choir.
